RE: Application Number 10/630,532 Applicant Daniel R. Morris

We are writing this letter and respectfully request that you consider the information contained herein as further support of the rejection to the aforementioned patent application 10/630,532 submitted by Daniel R. Morris.

With respect to the Declaration Under 37 CFR 1.132 (hereinafter "Declaration") which was filed on behalf of Mr. Morris, we vehemently refute item #10, which states "***Until the reRequire system, there was no system to track and report on the payoff lenders' performance of their duty to release paid liens . . .***". In fact, there were several release tracking companies that have been in existence prior to ReRequire's formation in 2002. Not only have these companies been proactive in the business of lien release tracking and of lender's requirements to record release documents in a timely fashion, they have had systems that were in place to track and report on the payoff lender's performance. (See <http://www.caticaccess.com/prospects/CATICTrac.pdf> a copy of which is attached as Schedule C, http://www.cticct.com/services_castletrack.asp, a copy of which is attached as Schedule G, <https://www.smsfastrax.com/default.asp> a copy of which is attached as Schedule I, and <http://pirecontracting.com/Tracking.html> a copy of which is attached as Schedule O) Furthermore, Mr. Morris's claim of "***No system was available to landowners, title insurance underwriters insuring the subject property . . .***" is completely untrue since three title insurance underwriters forged the way for release tracking prior to Mr. Morris opening ReRequire in 2002 (See <http://www.caticaccess.com/prospects/CATICTrac.pdf> a copy of which is attached as Schedule C, http://www.cticct.com/services_castletrack.asp, a copy

www.finaltrac.com

of which is attached as Schedule G, and <https://www.smsfastrax.com/default.asp> a copy of which is attached as Schedule I)

With respect to item # 24 of the Declaration, this statement is mere speculation on Mr. Morris's part. Every major settlement agent company in the country DOES NOT use ReQuire.

With respect to item #25 through #32 of the Declaration, ReQuire was NOT the first internet-based automated title release tracking company with all of the recited capabilities as set forth in the aforementioned paragraphs. (See <http://www.caticaccess.com/prospects/CATICTrac.pdf> a copy of which is attached as Schedule C, http://www.cticct.com/services_castletrack.asp, a copy of which is attached as Schedule G, <https://www.smsfastrax.com/default.asp> a copy of which is attached as Schedule I, and <http://pirecontracting.com/Tracking.html> a copy of which is attached as Schedule O).

With respect to item #34 of the Declaration 8 other companies recited in this letter, 4 of which were started prior to ReQuire's existence, including the company **Nationwide Title Clearing** which was mentioned as Exhibit F in said Declaration. Per their website, Nationwide Title Clearing was founded in 1991 (See http://www.nwtc.com/about/about_us.html and http://www.nwtc.com/services/ReleaseLINK.html?SI=6_3 copies of which are attached hereto as Schedule P and Schedule Q respectively).

With respect to item #35 of the Declaration, we believe that Mr. Morris's estimation is grossly overstated. It is our belief that First American SMS Fastrax by itself, services more than 10% of the marketshare.

As stated in Brief on Appeal dated January 27, 2011, Section V. Summary of Claimed Subject Matter A. Background. This description is accurate and true however, Mr. Morris did not invent this system and in fact the following named companies which existed both before and after Mr. Morris' claim have established a release tracking system and presently utilize such a system to track and report liens, along with preparing documents.

LIEN RELEASE COMPANIES OPERATING AND DOING BUSINESS IN THE USA

Connecticut Attorneys Title Insurance Company (CATIC) was founded in 1965 (See <http://www.caticaccess.com/prospects/prospects.html> a copy of which is attached hereto as Schedule A). This title insurance company which operates in Connecticut, Massachusetts, Rhode Island, Vermont, Maine and New Hampshire (See <http://www.caticaccess.com/caticaccess.asp> a copy of which is attached hereto as Schedule B) has been operating such a system that Mr. Morris claims to have invented since 1999. CATIC currently has an internet based release tracking system which performs the same/similar operations as the one Mr. Morris claims as his invention and is in operation (See <http://www.caticaccess.com/prospects/CATICTrac.pdf> and <http://www.caticaccess.com/prospects/products.htm> copies of which are attached hereto as Schedule C and Schedule D respectively).

Chicago Title Insurance Company was founded in 1847 (See <https://www.ctic.com/> a copy of which is attached hereto as Schedule F). This national title insurance company has been operating such a system that Mr. Morris claims to have invented since 2000. Chicago Title Insurance Company currently has an internet based release tracking system which performs the same/similar operations as the one Mr. Morris claims as his invention and is in operation. (See http://www.cticct.com/services_castletrack.asp a copy of which is attached hereto as Schedule G).

First American SMS Fastrax has been in existence since 1974 (See <https://www.smsfastrax.com/AboutSMS.asp> a copy of which is attached as Schedule H hereto). This national title insurance company has been operating such a system that Mr. Morris claims to have invented since 2000. First American SMS Fastrax currently has an internet based release tracking system which performs the same/similar operations as the one Mr. Morris claims as his invention and is in operation. (See <https://www.smsfastrax.com/default.asp> a copy of which is attached hereto as Schedule I)

Property Insight was founded in 2000 (See <http://pirecontracking.com/aboutus.html> a copy of which is attached hereto as Schedule N). This national title services company has been operating such a system that Mr. Morris claims to have invented since 2000. Property Insight currently has an internet based release tracking system which performs the same/similar operation as the one Mr. Morris claims as his invention and is in operation. (See <http://pirecontracking.com/Tracking.html> a copy of which is attached hereto as Schedule O).

Final Trac, LLC was founded in 2006 (See <http://finaltrac.com/pages/about-us.php> a copy of which is attached as Schedule R). This national release tracking company has been operating such a system that Mr. Morris claims to have invented since 2006. Final Trac, LLC currently has an internet based release tracking system which performs same/similar operations as the one Mr. Morris claims as his invention and is in operation (See <http://finaltrac.com/> and <http://finaltrac.com/pages/services/settlement-release-tracking.php> and <http://finaltrac.com/pages/settlement-tracking-online-form.php> copies of which are attached hereto as Schedule S, Schedule T and Schedule U respectively).

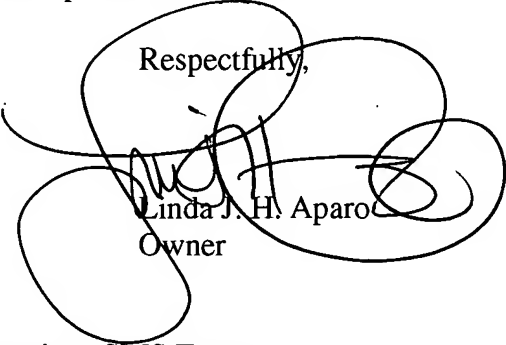

Fidelity National Title was founded in 1848 (See https://www.fntic.com/about_us.asp a copy of which is attached hereto as Schedule V). This national title insurance company which opened its release tracking program in 2003, has been operating such a system that Mr. Morris claims to have invented since 2010. Fidelity National Title currently has an internet based release tracking system which performs the same/similar operations as the one Mr. Morris claims as his invention and is in operation. (See http://www.fidelityrt.com/Report_root/pages/home/home.aspx?ReturnUrl=%2fReport_root%2fdefault.aspx and <http://www.fidelityrt.com/pages/services/services.html> copies of which are attached hereto as Schedule W and Schedule X respectively).

Reconveyance, Inc. was founded in 2008 (See http://egov.sos.state.or.us/br/pkg_web_name_srch_inq.show_detl?p_be_rsn=1309968&p_srce=B_R_INQ&p_print=FALSE a copy of which is attached hereto as Schedule Y). This Oregon based release (reconveyance) tracking company has been operating such a system that Mr. Morris

claims to have invented since 2008. Reconveyance, Inc. currently has an internet based release tracking system which performs the same/similar operation as the one Mr. Morris claims as his invention and is in operation. (See <http://www.reconveyanceinc.com/services.html> a copy of which is attached hereto as Schedule Z). It is important to note that Reconveyance, Inc. was formed by merging two previous companies that also were the pioneers who forged the way into what we now call release/reconveyance tracking. These two companies, "The Post Closing Department" and "Cobine Consulting & Associates" were formed in October 2001, well before ReQuire was established. When these two companies were formed, their direct competitor was "Reconveyance Services, Inc." which was formed and established through the Washington Secretary of State in 1998.

All of the entities set forth above respectfully request that the application of Daniel R. Morris for a patent continue to be denied for the reasons herein. If there is any further information that you would like from any of the recited companies, please feel free to contact me.

Respectfully,

Linda J. H. Aparo
Owner

About CATIC®

Founded in 1965, CATIC modeled itself after a title insurance company that was created following the end of World War II. This company believed that having attorneys involved in real estate transactions provided the highest value to homebuyers. These title insurance companies became known as Bar-Related[®].

CATIC's Bar-Related philosophy incorporates two basic tenets. First, be a solid source of title insurance to attorneys for the benefit of their clients through the operation of a fiscally sound company. Second, use a portion of the company's profits to promote the role of attorneys in real estate transactions; to provide services to the real property bar; and to work to improve real property law throughout New England.

Today, CATIC is the largest Bar-Related title insurance company in the nation and enjoys a strong financial rating of A-*. What makes this rating remarkable is that it is consistent with the largest title insurance companies. That means, with CATIC, you get the strength of a national underwriter with the focus, attention and dedication of a regional underwriter.

At CATIC, we know that when an attorney is involved with a real estate transaction, the homebuyer's interests are protected.

CATIC will continue to promote the importance of attorneys in real estate transactions and to play an instrumental role in real property procedures at the state, regional, and national levels.

Careers

CATIC® is the major operating subsidiary of its parent holding company, CATIC Financial, Inc. CATIC is New England's largest domestic and only Bar-Related® title insurance underwriter.

The Company has been in business for more than forty years. The Company has seven offices throughout New England and issues its policies through a network of more than 3,000 attorney agents. CATIC is currently licensed in Connecticut, Massachusetts, Rhode Island, Vermont, Maine, New Hampshire and New Jersey.

The Company is an underwriting member of the American Land Title Association (ALTA), the New England Land Title Association (NELTA) and the North American Bar-Related® Title Insurers. The Company offers standard ALTA policies, as well as expanded protection policies, for both residential and commercial properties. We annually insure mortgages issued by more than 1300 lending institutions. The Company has received an A' rating from Demotech and a B+ from Kroll Bond Ratings (formerly Lacle).

CATIC is dedicated to providing high-quality professional services to its policy-issuing attorneys, its insured lenders and home-buyers, and other members of the real estate community.

SCHEDULE C

CATICTrac[®]

A MORTGAGE RELEASE/DISCHARGE TRACKING SERVICE

Now you can eliminate the hassle of tracking mortgage releases/discharges with CATICTrac, our mortgage release/discharge tracking service.

The Service:

When you are paying off *institutional mortgages*, CATICTrac will track, obtain and record the release or discharge for those *institutional mortgages*. We also provide our agents with a copy of the recorded releases via e-mail.

Ordering:

In your Request for Release letter, direct the lender to forward the release to "C" Trac at the address listed below. For your convenience, we've included a sample letter on the reverse side. To ensure the accuracy of the release, be sure that the original mortgage recording information is completely filled out as indicated in the sample letter. Please enclose a copy of your request for release letter, payoff letter and pay-off check and borrower authorization form (if not part of the payoff letter), a copy of the Schedule B or title search showing the encumbrances, together with a check made payable to CATICTrac for the appropriate fee(s) and send it all to:

"C"Trac, P.O. Box 529, Rocky Hill, CT 06067-0529

Responsibilities:

CATICTrac will:

- Follow up with lenders to procure a correct release of mortgage;
- Record the release in the proper jurisdiction;
- Provide you with recording information and a copy of the recorded release via e-mail;
- Verify that the correct release was recorded if the lender sent the release directly to the recording jurisdiction;
- Post an image of all recorded releases on our website for your retrieval.

Coverage:

Should your client sell or refinance prior to CATICTrac obtaining the release, CATIC will offer to insure without exception for the unreleased mortgage.

Reporting and Viewing:

By logging on to www.CaticAccess.com, you can access the status of a file as well as view and print out the release/discharge for your records. CATICTrac allows you to view the status and the release documents for *all* files, just as if it were public record.

Aged Release Tracking:

If you have an older file with a payoff made at least a year ago, CATICTrac has an Aged Release Tracking Service! Provide a copy of the recorded mortgage and any assignments, as well as your recent title search, and any supporting documentation that will assist us in obtaining the release. If we cannot provide a recorded release in a reasonable amount of time, CATICTrac will send you a full refund. Please refer to the side bar for the fees for this service.

*Welcome...

Chicago Title Insurance Company

Throughout the years, Chicago Title Insurance Company has grown in stature with a solid reputation for integrity and standing the test of time. In 1920 the scope of the Company's business extended beyond Cook County, Illinois where it started in 1847. In the late 1940s, Chicago Title moved to 111 W. Washington Street and continued developing and expanding its extensive statewide organization.

In the 1950s Chicago Title reached beyond its state borders to increase its title insurance business. It was then, Chicago Title Insurance Company, as we know it today, was developed as a wholly owned subsidiary of Chicago Title and Trust Company.

In March 2000, Chicago Title Insurance Company merged with FNF to become one of the largest title companies in the nation. Much has changed in 160-plus years, but the fundamental principles upon which the Company was founded are steadfast. They are outstanding customer service, untarnished reputation for integrity and a rock solid, enduring identity that is synonymous with the necessary expertise to insure your most prized asset: your home.

160 Years & Beyond

Chicago Title and Trust Co. dates back more than 160 years through the succession of several firms and corporations that were engaged in the abstract and title business in Cook County, Illinois.

What does a Release Tracking and Management Program mean to you?

- On line access to tracking and reports.
- Strength of the largest title insurer pursuing the release on your client's property.
- Consistent follow-up on un-returned releases from various lenders by one contact.
- Recording of documents in the appropriate land records, even when lenders forward them to the wrong town hall.

How does it work?

- You forward a completed information sheet on each file, together with recording and release tracking fee, to our Hartford, CT office. This form is available in MSWord for ease of data entry!
- We provide you with cards to include with your payoff letter instructing the lender to send the release directly to our Hartford, CT office.
- Our staff tracks the receipt of each release and records it in the town hall. You will receive an email notifying you to obtain your monthly reports via our www.cticne.com website that will reflect your release activity.
- If no release is obtained within 30 days after we receive your information sheet, we will contact the seller's attorney, lender and/or town hall to obtain a copy.
- At closing you have the option to participate in a litigation service if the lender fails to return the release past the statutory period.

:: About ReleaseLINK

Nationwide Title Clearing, Inc. recently unveiled its new web service for Lien Release clients, ReleaseLINK. This innovative new feature has been added to existing web service features. ReleaseLINK allows clients to be fully connected with NTC for lien release processing like never before.

ReleaseLINK is offered to existing clients for no additional fee. New clients will also incorporate these new features as a standard value-added service for no additional cost beyond the standard release service fee.

Clients access ReleaseLINK through the Secure Client Access portal on the Nationwide Title Clearing website. Once logged in clients have the option to Partial Order Entry or Full Order Entry, Exception Handling, Quality Control and Administrative actions.

New Customers: [Email us for details on how to get started.](#)

Existing Clients: [Click here to access ReleaseLINK.](#)

ReleaseLINK Features Services Include:

- Enter orders directly into the NTC system for releases to be processed by NTC.
- Perform complete data entry for releases with step-by-step prompts to enter required information according to each state and county guideline.
- Online content-specific help provided throughout the site.
- Quickly view and clear exceptions online.
- Upload images and legal descriptions.
- Easily place orders for NTC to research and clear exceptions.
- Import orders directly into ReleaseLINK.
- Expanded search tools.
- Extensive Quality Control mechanisms and features to verify accuracy of the information entered into ReleaseLINK data entry or exception processing.
- Ability to assign multiple users to your account with varied user access rights.

Benefits of ReleaseLINK Services:

- User-friendly system for client with built-in prompts to enter all the information necessary to prepare a release according to each unique county and state requirement.
- The advanced data entry system is programmed to remove the guesswork and difficulty from the process and includes online help content for every step of the way.
- Quickly resolve exception files and prevent files from going out of compliance.
- If you are utilizing outsourcing arrangements for some or all of your data entry or research you now have the ability to enter the information from anywhere in the world for immediate processing at NTC.
- There is no software to download or complicated training procedures because ReleaseLINK is a simple self-service web feature and requires no updates or downloads.
- All of ReleaseLINK features include extensive Quality Control options for clients to easily verify and check information entered in ReleaseLINK to ensure 100% accuracy and improved methods to track internal accountability. Quality Control tools are available to be performed on all aspects of the process.
- Clients now have the ability to assign varied rights to different users of the ReleaseLINK system. Access is granted or denied for each user to each portion of the system, such as the Data Entry, Quality Control, Exception Handling and Research Ordering features at the client administrator's discretion for information security and data integrity safeguards.
- Utilize your key core local staff for vital production directly within the NTC system.

About Us

Final Trac, LLC is a full-service, independently owned, Connecticut-based title clearing and release/discharge tracking company, doing business in all 50 states. Final Trac was formed in 2006 by colleagues and friends, Linda J.H. Aparo and William "Billy" Snider. Together they bring over one-quarter-century of experience in the real estate industry. Before starting Final Trac, Linda was Assistant Vice President and Agency Manager for a National Title Insurer; and Billy was the owner/manager of a significant New England real estate practice.

Through their experiences, they both witnessed first-hand how there was a growing need for a service to effectively track and record the required releases/discharges of liens for real estate practitioners. They later learned there was an industry wide need to cure defective titles that had outstanding issues preventing the real estate transaction from moving forward. The job was either not being done and holding up closings in the future or the documents were recorded ineffectively.

Final Trac was born out of an email to each other questioning the possible business opportunities created by this need. The email is still posted on our wall in our office.

Final Trac, LLC is an independent full service release/discharge tracking company providing release tracking services in:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming.

Full Service Title Solutions

Final Trac, LLC is the industry leader in title solutions, providing services in all 50 states. Our company was started in order to fulfill a need that was not being met in the transactional real estate marketplace. We provide a necessary service in acquiring releases/discharges and ensuring that they are recorded timely and correctly. In a time when lending institutions are failing or changing hands, it is important to obtain your release immediately after closing to assure a clean title. We also cure existing title issues, also known as a "clouded title", by locating documents needed to make sure your closing transaction can close. We save our clients – real estate practitioners and title companies – significant money, as well as removing hours of work from their staff, and possibly the most important service is how Title Tracking helps to further the important public policy of promoting the proper and timely recording of releases of mortgage and cleaning up title defects in the land records.

Settlement Release Tracking

Whether the transaction is a **Sale**, **Purchase**, or **Refinance**, our Settlement Release Tracking Services should be utilized, and include the following: At any closing transaction where a mortgage, or other lien is being paid off, we track the paid-off note/lien and ensure that a proper and timely release of mortgage/lien is prepared, delivered, and recorded in the appropriate land records.

Here are some of the functions that Final Trac personnel perform after the release has been recorded:

1. Obtaining the original recorded release;
2. The entering all of the relevant recording information onto our website, which is immediately accessible to our clients;

3. The uploading of a viewable/savable/printable pdf. version of the recorded release onto our website; Add this file to our individual monthly report that gets emailed to all of our clients informing them of any activity on their account; and
4. Return the original recorded release in an envelope to the borrower.

By hiring Final Trac to perform your Release Tracking, you accomplish three very important goals:

1. You and your staff no longer have to undertake the Release Tracking burden;
2. You pay nothing for the service, as it is a very reasonable pass-through cost to the borrower; and
3. You pass on any liability stemming from the release tracking to Final Trac, as we will indemnify you on any and every file for which we have undertaken the Release Tracking.

Final Trac, LLC is an independent full service release/discharge tracking company providing release tracking services in:

Fidelity employees are committed to providing our customers with a level of satisfaction that is unparalleled in the title insurance industry. Based on our experience and expertise, we are confident that you'll appreciate the Fidelity Difference.

THE FIDELITY COMMITMENT

At Fidelity, commitment is not just a word—it's a conviction. We take pride in our desire to serve our customers to the best of our ability. The quality of Fidelity's customer service and the level of employee loyalty and commitment are enhanced by our employee stock ownership. Stock ownership serves as a motivational force for Fidelity employees who recognize the Company's success is dependent upon their efforts and contributions.

Fidelity employees uphold the six corporate precepts upon which the Company was founded:

- Bias For Action
- Autonomy and Entrepreneurship
- Employee Ownership
- Minimal Bureaucracy
- Close Customer Relationships
- Highest Standard of Conduct

HISTORY OF FNTIC

1848

Western Title Insurance Company (now Fidelity National Title Insurance Company of California) traced its origin to C.V. Gillespie (founder), a notary public and searcher of records in San Francisco.

1906

At the time of the San Francisco earthquake and fire, employees of Western Title Insurance Company and their wives were credited with saving the title plant and other valuable records of the company.

1920

The original Western Title Insurance Company was formed.

1961

Fidelity National Title Insurance Company (FNTIC), a Nebraska corporation, received a certificate of authority and began doing business in Nebraska.

1980

FNTIC acquired the assets of a small underwriter in Tucson, Arizona. It was at this time that the Company's current principals were first affiliated with FNTIC.

1981

FNTIC, with agency operations in the Arizona counties of Maricopa and Pima, was purchased from CIGNA. FNTIC was ranked 48th in the country among title insurance companies with revenue of \$6.2 million.

Corporate offices for FNTIC were moved from Denver, Colorado, to Scottsdale, Arizona.

1984

Controlling interest of FNTIC was sold to Fidelity National Financial, Inc. ("Fidelity" or the "Company"), its present holding company. William P. Foley, II, became President and Chairman of the Board.

1985

The Securities and Exchange Commission approved the sale of Fidelity's stock to the employees of its various subsidiaries. Fidelity became the nation's first and only employee-owned title insurance underwriter.

1987

Fidelity began trading on the American Stock Exchange under the symbol FNF.

Fidelity Acquired Western Title Insurance Company.

Fidelity moved corporate headquarters from Scottsdale, Arizona, to Irvine, California.

1989

Fidelity acquired Western Title in Portland, Oregon.

Fidelity purchased an El Paso-based title agency, which represented Fidelity's first direct title operation within the state of Texas.

1991

Fidelity established Premier Lenders, a concept unique to the title industry. All title work for lenders in the California counties of Los Angeles, Orange, Riverside, San Bernardino and San Diego is performed out of one regional office.

1992

Fidelity began trading on the New York Stock Exchange under the symbol FNF.

Fidelity acquires Meridian Title Insurance Company, and Security Title and Guarantee Company, expanding Fidelity's direct operations base to include

Our Mission

With over forty-five years of experience in the industry, Fidelity strives to be your number one source for real estate solutions. Our dedicated team is committed to ensuring the mortgage you have paid off gets properly released of record. Expect only exceptional and dependable service; that is our guarantee.

We Take You To The End Of The Line!

We won't rest until your mortgage is released. If necessary, FNTrack will prepare and record a statutory Section 49-8a affidavit to release the mortgage. With our FNTrack Express program, that's included in the original fee!

For no additional charge, FNTrack agents can take advantage of our PLUS program, which includes enforcement of the penalty provided by C.G.S. Section 49-8. To see the details of this program [Click Here](#).

FNTrack Express

A new payment plan for Fidelity's Release Tracking program. FNTrack Express provides for a single, one time payment that allows you to simplify your closing prep and bookkeeping.

HOW DOES IT WORK?

Under the customary release tracking program, you pay a release tracking fee of \$35, plus an additional \$53 for recording. When you use FNTrack Express, you pay only a single, flat release tracking fee of \$85; there is no additional payment for recording fees - Fidelity pays these out of the tracking fee.

What are the advantages? There are several advantages to this new payment procedure. Consider the following:

- There is no longer a need to cut separate checks for the tracking fee and the recording fee - you simply cut one \$85 check to Fidelity.
- There are no longer any returned \$53 recording fee checks to deal with and account for. The \$85 is a flat fee payment.
- Under our regular payment system, the \$35 fee does not include additional recording fees needed for recording duplicate originals or missing assignments. Under FNTrack Express, the flat \$85 fee includes these additional recording fees where necessary, even the cost to record the first page of a statutory affidavit, if required.
- In most cases, the \$85 fee will be lower than the total cost under the regular payment plan (\$35 + \$53 = \$88). The \$85 flat fee must be submitted on all files, regardless of whether the lender is adding a recording fee to the payoff letter. This allows us to average out the costs of recording. Since the \$85 is solely a tracking fee, the client is not being "charged twice" for the cost of recording.

Services

Reconveyance Inc

We use the latest software and the largest national database to track and process your reconveyances. Orders are received via email, fax, or secure website. Orders are automatically uploaded into our system through client Work Q's. Our system continually downloads information from property databases, searching for your reconveyances or releases.

Reconveyance Inc. complies to all state laws in tracking and processing your reconveyances or other items that may encumbrance your title. If a lender does not provide our client a reconveyance or release within the appropriate amount of time we will generate a notice of intent or demand letter to the lender and a statutory release in compliance with state laws.

Our quality control department keeps scans off all documents generated by our system and received from outside parties including original reconveyance documents and orders. Our system is quick and secure.

One of the most unique things about our service and sets us a part from other tracking services is that our service fee of \$20 to \$25 includes recording and our minimal fee can be passed along to the grantor at the time of closing (in most states).

For customers who do not wish to track every paid in full loan but need our assistance in clearing title defects such as previous paid deeds of trusts and mortgages we offer title defect clearing for only \$75 an item. We will gather as much information as possible for proof of payoff, contact the lender, and pursue a statutory reconveyance if needed and applicable

For a demo please call our office or go to the contact us page.

You will love the way we do business and our pricing. We offer a needed service with a new approach.

Please take a look at our agreement page for additional information.
